Contemporary Living with Room to Grow

The Citrine 254 is a thoughtfully designed family home that balances space, functionality, and comfort. The expansive open-plan living and dining area extends to an undercover deck, creating a seamless indoor-outdoor lifestyle. A spacious kitchen with walk-in pantry and separate laundry enhances everyday practicality. Two bedrooms with built-in robes are positioned off a secondary living area and are serviced by a full bathroom and separate powder room. The master suite offers a private retreat with walk-in robe and ensuite featuring a double shower, while a fourth bedroom or study is located at the front of the home. A secure double garage completes this well-appointed design.
