Smart design. Generous space.

Designed with flexibility in mind, The Lima offers a fourth bedroom or dedicated study—ideal for evolving family needs, working from home, or creating a quiet retreat.

The home includes three additional bedrooms, with a well-appointed main suite featuring a private ensuite and walk-in robe. At its centre, an open plan kitchen, dining and living area connects seamlessly to an undercover alfresco, creating an easy flow for everyday living and entertaining. A separate media or rumpus room adds further versatility, rounding out a design that balances space, comfort and practicality for modern family life.
