Space, Luxury & Functional Design

Lisbon 245 delivers a refined approach to luxury family living, with a layout designed around separation of space and everyday functionality.

The central living zone forms the heart of the home, featuring a spacious kitchen with walk-in pantry and an open-plan dining and living area that encourages connection.

The master suite is privately positioned at the front, complete with walk-in robe and a well-appointed ensuite featuring a double shower and bath. The remaining bedrooms are located at the rear, creating a dedicated family wing.

A separate media room adjacent to the master suite enhances lifestyle flexibility, providing a second living space for entertainment and relaxation.
