

Smart, Stylish & Designed for Living

The Meander 132 is a smart, well-considered three-bedroom home designed for effortless everyday living. At its centre, a light-filled open-plan kitchen, dining and living area creates a welcoming space to relax or entertain. The private master suite is positioned at the rear with its own ensuite, while two additional bedrooms, a central bathroom and laundry complete the layout. With internal garage access and a seamless connection to outdoor living, the Meander 132 delivers comfort, functionality and style in one streamlined design.
