

A Smart Home for Modern Life

Quartz 186 is a refined compact home design that balances efficiency with modern comfort and functionality.

The layout is designed to maximise natural light, enhancing the open-plan living spaces and creating a strong connection to the outdoor alfresco area. The kitchen is supported by a walk-in pantry and adjacent laundry for practicality, while the master suite is thoughtfully positioned with walk-in robe, ensuite, and direct alfresco access, reinforcing the home's seamless indoor-outdoor flow.
