Smart Design for Narrow Blocks

Compact blocks require smart designs to unleash liveable space, and our Tamar layout achieves all this and more.

This is a genuine three bedroom, two bathroom two-storey home with everything that opens and shuts, yet it's right at home on narrow block.

The spacious, modern kitchen overlooks the open plan living and dining area with its sliding door leading to an alfresco area.

Upstairs the spacious master suite with walk-in robe and ensuite will provide parents with the ideal retreat.
