

Family Living with Entertainment in Mind

Tuscany 237 delivers a well-balanced family design with clearly defined living and entertainment zones. The master suite is generously proportioned, featuring a walk-in robe and ensuite, while additional bedrooms are designed to support family living. At the heart of the home, the open-plan kitchen and living area creates a central hub that connects seamlessly with both indoor and outdoor spaces. A dedicated theatre room enhances lifestyle flexibility, while the alfresco area extends entertaining options.
