A Home Designed for Family Life

Onyx 196 is designed for families who need space, flexibility, and comfort all in one smart layout. The master bedroom offers a private retreat with walk-in robe and ensuite, while additional bedrooms provide comfortable accommodation for children or guests. The open-plan living area forms the central hub of the home, with a separate lounge creating a dedicated space for movie nights or quiet relaxation. A flexible fourth bedroom or study adds versatility, while direct garage access makes daily life easier.
